"For Pete's Sake!"

You will want to see this! A comedy of three acts, put on by the Brethren Young People in the School Auditorium, March 7th.

Lying as a fine art certainly calls for a strong head and a good memory, and Peter Pepperdine has all these qualifications to fit him for a magnificent liar. When his exasperated and in an effort to discipline him, starts on a summer tour of Palestine without him, he rears his manner, against her expressed desire, to her dearest enemy, the mother of his ladylove and masquerades as her butler, disguising his pet Bill as her gardener, and Muggsy, the despised college grind who is supposed to tutor him all summer, as her housemaid. And all this madcap scheming not only to provide Peter and Bill with ready cash but to enable them to discover whether their respective ladyloves are flirting with older and wealthier suitors. The boys soon put a crimp in the suitors' wooings, especially after turning Muggsy loose on them, to vamp them in his housemaid's disguise. And then Aunt Sarah spoils everything by suddenly canceling her trip and coming home. Once again, Peter, while teetering on the brink of comic catastrophe, managed to save himself and Bill by quick thinking and masterly lying, invoking the aid of a spook and some fictitious robbers to cover his tracks. Don't miss this. A laughing hit, traveling at express speed.

The cast includes:
Miss Sarah Pepperdine—Dorothy Brown.

Jasmine Jackson—Ruth Bru Baker.
Dean Murglethorpe—Leroy Graham.

Peter Pepperdine—Eugene Borries.
Bill Bradshaw—Francis Mason.

Thorndyke Murglethorpe (Muggsy)—Walter Larsen.
Mrs. Georgiana Clarkson—Ruth Beagle.

Nedine Clarkson—Sarah Dune an.

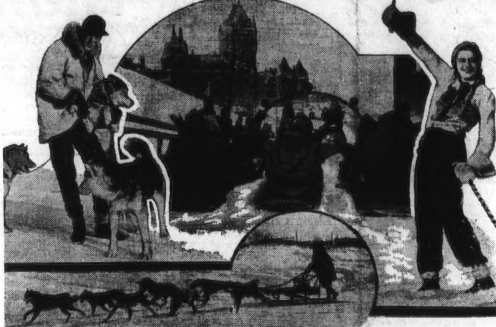

Peggy Clarkson—Edna Beagle.
Malvina Potts—Thelma Miller.

John Boliver—Orlio Beagle.
Dapont Darby—Ross Cottrell.

Remember the date—Saturday, March 7th, at the school auditorium.

The bachelor has one advantage. Nobody uses his money to buy him presents he doesn't want.

Quebec Winter Sport Metca

Premier dog-racing event in North America, the International Dog Derby at Quebec City on February 20-21-22 is expected to attract hundreds of winter sports enthusiasts from Canada and the United States to see the leading mushers of the two countries in competition and to enjoy the skating, tobogganing, skating, and curling centering around the famous Chateau Frontenac. An interesting duel is expected this year between Harry Wheeler, of St. Jovite in the Laurentians, champion last year, and Gryde Carriere, of Quebec City, who defeated Wheeler this year in Lacania, New Hampshire annual derby. A starting postcard in this event in Eastern Canada is the annual golf competition held about the same time at Victoria, B.C. in the Evergreen Playground of the West. Both are sponsored by the Canadian Pacific Railway.

Guide Notes

Five Brownies became Guides at the last Guide meeting on Monday Feb. 17. Captain Mrs. Wains passed them while the patrol leaders presented them. The Brownies were from Mrs. Hales old group. They were Shirley Taylor, Freda Board, Betty Anna Kemper, Mary Wains and Myrna Lord. Each girl received a guide pin with the Guide motto "Be Prepared" on it.

Entertainment of Kathleen H. Greene Postponed

Watch for future date of entertainment of Kathleen H. Greene. Owing to cold weather, the High School and Young People's plays, the Ladies Aid Society decided to have Miss Greene in the Spring.

Literary Society to Present Play

The High School School Literary Society will be presenting their annual spring play in the near future. The comedy drama is entitled, "The Road Back Home" is highly recommended and should be a very enjoyable entertainment.

Enjoyable Valentine Party

A very enjoyable time was had when Mrs. A. Currie and Miss Evelyn Cliffridge entertained at four tables of bridge on Valentines Day, February 17th. High prizes went to Miss Bessie Dukes and Mr. Allan Phillips. Consolation prizes were won by Mrs. Jess Hansen and Mr. George Bettie. As each guest was asked to bring a bundle containing a comic costume, much fun was created when each guest picked a bundle and got dressed in the outfit therein. Some of the men made charming ladies and some of the ladies were equally as good as gentlemen. At midnight a dainty lunch was served by candle-light at a table decorated with hearts and cupid. As Mr. Currie was celebrating his 75th birthday, he was required to cut the birthday cake. After lunch, dancing was enjoyed until the wee odd hours. Mrs. Phillips, Mr. McCullough and Mr. Rettle kindly supplied the music.

In spite of the cold weather all seemed willing and anxious to brave the elements for another party.

The reward of one duty is the power to fulfill another.—Gen. Eliot.

W.A. Meets at Home of Mrs. Gaylen Jones

The members of the W.A. were entertained by Mrs. G. Jones assisted by Mrs. Fonger at the regular monthly meeting last Thursday.

Devotionals were led by Mrs. Mackie. Reports from the various committees were heard and a vote of thanks tendered Miss Herrich in appreciation of her help in printing the programs for the year. Plans for a spring sale were discussed and committees appointed.

Mrs. P. H. Lowman, Teacher of Piano, Harmony, Counterpoint and Forms, has resumed all classes. Piano Class every Tuesday at 2.30 in the Arrowwood Consolidated School.

The Hayden male quartette will be heard over CFUN next Tuesday evening at 9 o'clock. This quartette is well-known in Arrowwood, having been here several occasions, under the auspices of various societies and churches.

Hockey! Monday 8 p.m.

Milo Hornets vs Cardinals. This is the last scheduled league game.

ARROWWOOD ITEMS

Mr. Russell Burries returned home last Saturday from his visit in Oregon.

The usual services will be resumed in the United Church next Sunday.

Miss Dorothy Wisend has some garden seeds grown in the Arrowwood garden which she would like to sell to community gardeners.

Born—At Mrs. Mackie's Nursing Home on Tuesday, Feb. 18, to Mr. and Mrs. Fred Mohr, of Mossleigh, a son.

Miss Virginia Cawley of Kethryn, who has been here in the Bible School, left on Monday for her home.

The C.P.R. is again offering bargain fares to Eastern Canada—see advt.

The cut-off date for car and truck licenses was Saturday, 14th. Anyone now running their machine without a license is liable for prosecution.

Misses Eva and Mary Grabill left Arrowwood on Monday for their home at Stettin. They have attended Bible School here for several months.

The U.F.W.A. meeting which was to have been held on Feb. 19th has been postponed until Wed. Feb. 20th (weather permitting) and will be held at the home of Mrs. E. Lowman.

Mrs. P. H. Lowman, Teacher of Piano, Harmony, Counterpoint and Forms, has resumed all classes. Piano Class every Tuesday at 2.30 in the Arrowwood Consolidated School.

The Hayden male quartette will be heard over CFUN next Tuesday evening at 9 o'clock. This quartette is well-known in Arrowwood, having been here several occasions, under the auspices of various societies and churches.

Last Saturday evening Miss Alma Connell had the misfortune of freeing her legs. When returning home from a party given by the Brethren Young people, the car slid into the ditch, and not being able to get it out, she and Hermes Leith had to walk about a mile home. Luckily she was given first aid immediately, and is recovering favorably.

The creed of the true saint is to make the best of life and make the most of it.—Caplin

B.Y.P.D. Notes

A most enjoyable evening was spent last Saturday night Feb. 15, at the Valentine party in the Church basement. Games constituted the entertainment. Books were made representing each others life history and were enjoyed very much. The evening closed with a supper of sandwiches, candy and cookies. Some Irianna young people attended and stayed for the Bible School closing service on Sunday, returning Monday.

Four Years Ago

The following items were taken from February 1932 issues of the Resource.

The Shoultice station was closed recently and business from that point is now being handled through Arrowwood.

Melvin Bowman is confined to his bed due to an injury to his leg sustained in a basketball game before Xmas.

Jack McHugh's rink comprised of McHugh, J. Mason, M. Esham, F. E. Boll, successfully defended the Curling trophy buttons by defeating Moll's rink 10-7.

Alberta Auto Licenses were black figures on a white background.

A strange disease resulted in the loss of about twenty of Gaylen Jones sheep on his farm south of town.

Mr. D. J. Beagle had the misfortune of losing one of his valuable horses this month.

Quite a gloom was cast over the town on Monday when it became known that Gordon O'Neill had passed away at Gem Alta. Gordon was well known around here, having attended high school and worked in a local garage.

Young People Spent a Lively Evening

A lively time was enjoyed by a crowd of young people at the home of Edgar Lewendon on Friday evening, last.

Cards and dancing were the order of the evening. Millicent Taylor winning Ladies first prize, Murray Moore winning the Gent's first. The competitions were won by Eleanor Hill and Jerry Schultz.

After bridge, a dainty lunch was served and then dancing was engaged in until the wee small hours, when with the strains of "Sweet Home" the guests departed.

What's Wrong With Radio?

What is wrong with the Canadian Radio Commission and its program? There is abundant evidence that the governing body of radio broadcasting in this country is not filling the bill to the taste of Western Canadian radio fans. Discontent is heard on all hands when the subject is under discussion among users of radio in the three prairie provinces and press commentators, even those inclined to be more merciful to the authorities, are constantly poking the commission.

Disaffection is not so new in Eastern Canada, because, it is said, the residents of that half of the Dominion, who do not like the C.R.C. commission programs coming over the air at the moment, can, with an easy twist of the wrist, turn to something more to their taste and bring in a wave of protest from the West. Eastern stations on the other side of the international boundary without interference from local stations.

In Western Canada radio fans are largely precluded from this consolation, due to the fact that the distribution of wave lengths in the west is such as to inevitably shut out reception from the more popular accessible stations on the American side of the line and particularly at those hours when radio is in most constant use, except for those few who are able to afford the most up-to-date models.

Unfortunately due to stringency resulting from a combined agricultural depression and the economic straits of the past few years the great majority of citizens of the prairie provinces have been, and are, forced to take their wireless entertainment from more or less antiquated receiving sets. Money is still too scarce to enable them to purchase the most modern sets, equipped with the latest refinements and they are unable, for the present at least, to tune in to stations on the other side of the line in close wave length to the local stations.

This is undoubtedly one of the causes of the prevailing dissatisfaction and is one which should be recognized and, if possible, rectified by the commission. Another off-hand complaint is that in the choice of its chain programs the Commission devotes too much time to highly classical music and too little to the type of entertainment which the greater majority of Western Canadians would sooner hear. In other words, it is stated that the programs are not well balanced. This great majority would prefer to hear a little more of the "jolly rickety barn dance" type of music and more entertainment of a humorous variety than the Commission appears able or willing to provide, but at the same time they want this entertainment furnished by what may be termed "top notches" and not by mediocre amateurs.

It is true, perhaps, that the Commission has dimly perceived its shortcomings in this respect and has made some effort more recently to cater to popular demand but in doing so has relied to a considerable extent on local talent of not very high rating, possibly due to a desire to placate local jealousies. In this connection it might be suggested that the commission might very well make more use of local commercial stations as an elimination school and select only those best qualified to appear on their chain programs, with some assurance for adequate remuneration.

It is generally conceded, too, that one of the factors responsible for the commission's seeming inability to cater to western requirements is the fact that too much of the revenue derived from radio license fees finds its way into the Dominion government's treasury and too little of it is allotted to the commission for its work. If the commission were allowed a greater proportion of this income it is possible that they might be able to find or develop sufficient talent to eliminate some of the criticisms to which it is exposed.

Then, too, the commission has been subjected to criticism from time to time for lack of initiative. A case in point is its decision not to make a time for lack of initiative. A case in point is its decision not to make a time for lack of initiative. A case in point is its decision not to make a time for lack of initiative.

It is admitted that the problem is one which bristles with difficulties and that the commission has no easy task to perform if it should attempt to satisfy everybody, but an individual feels that it has not succeeded as yet in going as far in this direction as it might.

There is some talk just now of a new commission being set up consisting of only one paid member, the chairman, and an unalarmed advisory board. Whether such a change would result in a greater measure of satisfaction would depend largely on the personnel. The membership, if such a board is created, should certainly include one or more who are conversant with the western situation and it is essential that at least one or more of the members know something about showmanship as well as the technical side of radio.

Was Once Fertile Plain

Explorer Proves Neolithic Man Fished In Sahara Desert

Fishing in the Sahara was once a favorite pastime of man. This discovery was made by Henri Lhote, a Frenchman, who unearthed the first skeletons of neolithic man found in Africa. These men lived 10,000 years ago, he said, when swift streams, now dried up, once ran through a fertile Sahara plain. The young explorer, who passed two years digging in prehistoric dumpheaps in the southeastern part of the desert, analyzed the bone structure of the old-time fisher, who belonged to the Negro race. Vertebrae of fresh water fish as well as harpoon heads made from bone, showed a dried-up river bed was nearby. This surmise was later proved correct.

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Ready to Go

The liver should purify and purify the blood. It is the most important organ in the body. It is the liver that makes the bile which is necessary for the digestion of food. If the liver is weak, the bile is not made properly and the food is not digested. This causes indigestion, constipation, and other ailments. To keep the liver healthy, you should take a course of Little Liver Pills. These pills are made of natural ingredients and are gentle on the stomach. They will help you to wake up in the morning feeling fresh and ready to go.

The Real Issue

Can Any Nation Be Permitted To Break Treaties

The real issue between Italy and the League of Nations is not whether Abyssinia is uncivilized and backward, or whether Italy has valid grievances or not. The real issue, the real question, is can Italy or any other nation be permitted to break treaties and agreements and disregard all its obligations—can every nation be allowed whenever it has, or thinks it has, a grievance against another to be the sole judge in its own case and enforce its claims by invading another country and killing its people—its men, women and children—by machine guns, explosive bombs from aeroplanes—and even by poisoned gas?

HAVE YOUR Stomach Upsets?

IMPROVE your stomach and build up the blood with Dr. Peck's Golden Medical Discovery. This powerful medicine is the most effective remedy for all stomach and blood ailments. It will help you to digest your food properly and give you the energy and strength you need for daily life. Take a course of Dr. Peck's Golden Medical Discovery and you will be amazed at the results.

Mr. Fred Langston of Littleton, Colorado, writes: "I have been suffering from indigestion and constipation for many years. I have tried many remedies but nothing has helped. I have heard of Dr. Peck's Golden Medical Discovery and I have decided to try it. I have taken a course of it and I feel much better. My stomach is no longer upset and I am able to eat my food properly. I am very grateful to Dr. Peck for his discovery."

Ship Without Rivets

River Barge Of Russian Shipping Line Electrically Welded

An oil-tanker river barge that has been added to the Lower Volga Shipping Line is said to be a unique example of shipbuilding. No rivets whatsoever were used in its construction, the sections of the hull being welded electrically. The combined length of all the welded joints totalled 40 miles. The vessel has a length of 450 feet, a beam of 62 feet, a middle height of 11 feet, and a carrying capacity of 6,000 tons. By employing the welding method, a considerable economy in metal was effected. The weight of the hull was 411 tons, 75 tons less than that of a rivetted barge of the same tonnage.

breaking into my garden and helping yourselves?"

"Oh, yes," chorused the boys. "And why was it nice?" he asked a chubby-faced boy.

"Because, sir," was the reply, "we had sugar and cream with them."

for stubborn COLDS

Make one-half teaspoon of Applebuds in boiling water. Add a pinch of salt and a pinch of sugar. Drink this mixture four or five times a day. It will help you to get rid of your cold and keep your throat healthy.

Salt Highways

New Method May Solve The High Cost Of Building Roads

Common salt may solve the high cost of highways. In an interview in Winnipeg, R. M. Rowat, of Windsor, Ontario, well-known Canadian research chemist, reports the successful construction of test stretches of "salt highways" at more than 12 Ontario points. Over 200 miles of these roads have been built to date in the United States.

In his interview, Mr. Rowat emphasized the fact that the development was still in the experimental stage. The aim is to produce a hard, durable and dustless road surface, using cheap materials readily available locally in most sections of the Dominion. Highway engineers refer to it as a "salt-stabilized road" and the material because of its appearance and wearing qualities is sometimes known as soil concrete. The ingredients used in the salt highway are gravel or crushed stone, clay and common salt, the last named in comparatively small quantities. He mentioned a test stretch in Ontario where 15 tons of salt per mile was sufficient for a successful road surface three inches thick and 20 feet wide.

The important factors in a salt-stabilized road, Mr. Rowat indicated, were the coarse aggregates (gravel or crushed stone) and the securing of proper proportions of the three ingredients. These proportions would be improved to a large degree by the quality and size of the gravel and would not only vary from district to district but might easily change in different sections of any one road being treated. Generally speaking, specifications could be drawn up to provide for the use of coarse aggregates and clay available locally in a given locality. The proportions of the mixture and the method of application were established by careful laboratory tests of the materials in advance and during construction.

In Ontario, there were now test stretches of salt highways on a number of heavily-travelled routes including provincial roads near Toronto and the highway route to Muskoka Lakes region. Credit for the original discovery is given, in large measure, to a Canadian engineer, A. T. Chambers of New Glasgow, N.S. Seeking a solution to the dust nuisance, he remembered that the ceramic industry used salt to improve its drying qualities, and applied the same principle to a section of Nova Scotia road and produced the first stretch of salt highway on that coast, with lasting result.

SELECTED RECIPES

MAGIC HERMIT'S

1/2 cup butter
1 1/2 cups brown sugar
2 eggs
1 cup chopped raisins
1 cup chopped walnuts
1 cup chopped dates
1 teaspoon vanilla
1/2 teaspoon nutmeg
1 teaspoon cinnamon
2 cups flour
1/2 teaspoon Magic Baking Powder
1/2 teaspoon Magic Soda
2 tablespoons milk or water
Mix and sift together the dry ingredients. Cream butter, add sugar and well-beaten eggs, and vanilla. Then add one-third of the flour mixture, fruit and nuts. Add more flour and liquid alternately until all are used up. Mix thoroughly. Drop by spoonfuls on a greased shallow pan and bake in moderate oven 15 to 20 minutes.

A Morgan horse resembles Arabian horses in having only five lumbar vertebrae, instead of six, which is one reason for believing that the Morgan horse has Arabian ancestry.

Fire, the first chemical agent of man, is believed by many authorities to have been in use at least 60,000 years.

Brethren Church Notes
Sunday School 10:30.
Morning Worship 11:30
Young People's Service 7:00
Evening Service 8:45.

Last Sunday was a full day at the Church of the Brethren. In the morning service Rev. B. H. Suttle and Miss Mildred Yates of Iricana sang two duet numbers. Rev. Mr. Suttle preached a helpful sermon. At the afternoon service the Bible School was the theme, this being the end of the three month term. Each pupil took some part. Quite a number told of the benefits received during the term. Other speakers

were Mr. Suttle and Mr. Beard of Iricana, and Mr. Culp and Mr. Hollenberg of Arrowwood. After the Pastors talk and the singing of "Blest Be the Tie that Binds", the congregation quietly disbursed.

The evening service was the second in the contest series. The service was prepared and directed by Miss Grace Brubaker. All services of the day were well attended.

The Sunday Evening Service at the Brethren Church will be in charge of the side captained by Edna Beagle. The program will consist of various recitations and readings, musical numbers and a short talk. We

invite everybody to this program and we wish to urge the members of this particular group to come and help their side.

A nickel will support the General Mission Work of the Church of the Brethren for six months.

Twenty-five cents will carry the work 30 seconds.

One dollar will bear the burden 2 whole minutes.

Ten dollars will support the work 20 minutes.

What portion of time will you assume? Bring or send your portion next Sunday or before.

HOCKEY NOTES

Hockey again got underway in the Blackfoot League Wednesday night last when the Cardinals played the Milo Hornets at Milo. The ice was in terrible condition, the temperature was frigid, and the class of hockey dished up to the handful of fans was anything but pleasing to look at. The Hornets, playing with only six players, were on the ice continuously, but checked hard to gain a division of the points. Allergoth was as usual, outstanding for the Milo club. S. Beagle and Bob Oliver notched the counters for the Cardinals. With a little milder weather the League play-offs should be underway when some interesting games will be played.

Arnd-Cary; C. Beagle, N. Dumka, D. Oliver; S. Beagle, R. Oliver, McCullough, C. Norton, E. Norton, E. Mason.

Perfect Bridge Hand

Spud Hielop held one of those perfect bridge hands we read about but very seldom see while playing contract bridge the other night. It was 13 spades and the quartette had been playing with the same pack for four hours.

Spud makes a forcing bid of two spades. His left hand opponent, Miss McBride goes 3 hearts. His partner, G. Grisdale, Sr., doubles and his other opponent, Alex Hielop, Jr., passes. Spud bids seven spades which was a show-down. Okotoks Review
